Mr. Murl M. Fritschle  
City Manager  
City of Pacific Grove, California

Dear Sir:

Thank you for advising this office of your plans, and status of the work on the golf course addition at Pt. Pinos Light Station. We hope the lawn around the quarters will be in place by 1 December 1959.

There is no objection to the relocation of the present boundary fence 10 feet west of its present alignment along Asilomar Avenue. It is requested that any property monuments be carefully referenced and marked. It should also be understood that this relocation will be done under the terms of the present permit to insure "Restoration" to present conditions if this ever becomes necessary.

Your cooperation is appreciated.

Very truly yours,
