Mr. Gary W. Bales, City Manager  
City of Pacific Grove  
Pacific Grove, California 93950

Dear Mr. Bales:

Please refer to your letter of 1 July 1974 to Lieutenant Armand Chapeau, Commander, Group Monterey, in regard to your city's use of the Point Pinos Light tower after the automation of the light.

License L112-02-73 now provides for your use of the light tower as a museum. Enclosed is a license which we propose can supercede this existing license. Please review the license and, if it is acceptable, have the appropriate city official acknowledge acceptance by signing the acceptance lines of all four copies.

Please also complete the Title VI assurances attached to each copy. The assurances are required because the license is issued at less than full monetary consideration, and thus constitutes Federal financial assistance.

You may retain the original and one copy for your use. Please return the other two fully executed copies to this office.

Sincerely,

*R. T. Nelson*
