Dear Mr. Yadon,

I recently stopped by the Point Pinos Lighthouse and I am very impressed with the continuing progress that people associated with the project are accomplishing. It is the finest restored lighthouse in California.

I did note a few errors in your "Welcome to Point Pinos Light Station" pamphlet. I am enclosing the corrections should you wish to amend a future edition of the pamphlet.

Sincerely,

W. C. WHEELER  
Assistant Chief, Aids to Navigation Branch  
By direction of the District Commander
