4390.1/16513
24 October 1983

Mr. Vernal L. Yadon, Director
Museum of Natural History
165 Forest Avenue
Pacific Grove, California 93950

Dear Mr. Yadon:

This is in response to our meeting of 13 October 1983 concerning the Point Pinos lighthouse.

I apologize for the delay in renewing your license for the Point Pinos lighthouse. I have been assured by our property people that your license will be the next item on their agenda. You can expect a renewal within the month.

I have requested that our Civil Engineering Branch initiate a project to replace the wasted flashing of the Point Pinos lighthouse roof and lantern room and that the roof be inspected and repaired or replaced as necessary. This project may take one to one and one-half years to accomplish.

The historical information that you requested is enclosed.

Sincerely,

J. J. FONTANA

Lieutenant Commander, U. S. Coast Guard
Chief, Aids to Navigation Branch
By direction of the District Commander
