Subject: RELOCATION OF POINT PINOS FOG HORN

Dear Commander Layne:

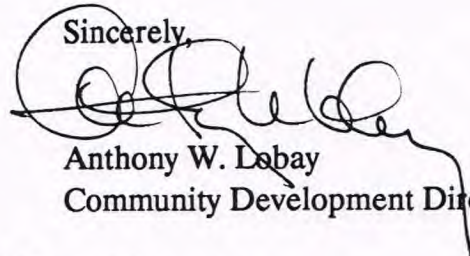

This afternoon I spoke with Rob Van de Loo of your office. I mentioned to Rob that in your June 20, 1991 letter to City Manager Gary Bales, you asked that the city relocate the fog horn to a location as determined by the Coast Guard. In addition, you asked the city to prepare a Federal Consistency Certification as required.

I told Rob that we are working with LCDR Dave Reed of Coast Guard Group Monterey on the relocation of the fog horn and that the city will pay for the relocation.

In addition, I mentioned that I have a call in to Lee Otter of the Coastal Commission regarding the Federal Consistency Certification requirements. I understand that Lee is getting ready to leave for vacation, so I might not hear from him until he returns.

As you requested, we will direct our correspondence through LCDR Dave Reed's office in Monterey.

Sincerely,

Anthony W. Lobay
Community Development Director
