Cullen Chambers / Henry Gonzales

Preservation Plan
Lighthouse Preservationist, Savannah

2-29-08i

Building assessment pointed out all the obvious problems, leaks in lantern room, repainting, roof condition, but a few that we would not have recognized - issues involving the concrete tower.

They also missed some significant problems, foundation, aluminum work done by the Coast Guard in 1990's

2-29-08 F

1st project get door to open!

Building assessment pointed out all the obvious
issues, leaks, repairs, roof conditions +
others we would have missed re concrete
condition. But missed signif problems
foundations, alum work.
